**STOWE** The ski capitol of the East. The air is better up there and so is everything else. From top-bottom runs with groomed cruisers to bump runs to some truly fine glade skiing. **STOWE** has it all. The Infamous front four (**Starr, National, Goat and Lift Line**) are arguably the most exciting runs in the East. For novice skiers and riders, there's the entire (**Spruce Peak**) criss-crossed with easy going runs.

While our trails are classic, our lifts are modern (**12**) Along with several doubles and triples, we've got a high-speed quad and a state-of-the-art eight person gondola that will whisk you up to **48** trails on **485** acres covered with **333** inches of snow. A new sensational **high-speed quad** on Spruce Peak will reduce your ride time from 20 minutes to just 7 minutes.

**New fully-automated, state-of-the art snowmaking** and a new 111 million gallon snowmaking pond will make **Stowe** the gold standard for snowmaking in Vermont
