

## **DO I NEED TRAVEL INSURANCE?**

Bad weather on departure.

You loose two days of vacation.

Emergency at work.

I was told I had to cancel my vacation.

A volcano erupted.

Flights were canceled.

I was seriously injured while away and needed special transportation home.

My pet was sick.

Come out to Fall Line's November 15th Mixer Meeting and listen to Ernest Kraus of Me and delCano explain these and other senarios on how travel insurance can protect you and your investment.
