Our mountain is big, but our reputation for fun is even bigger. At 11,053 feet, Mammoth boasts the highest summit of any California resort, making for deeper, better snow, and beautiful vistas. With 3,500 skiable acres, an average of 400 inches of snowfall and 300 days of sunshine per year, and a season that typically stretches Nov–June, Mammoth delivers big smiles on the slopes from first timers to Olympians. With 3 halfpipes, 100+ jibs and up to 50 jumps spread across 7 unique parks, there's a reason we're always included in the top-rated terrain parks, and pros like Shaun White and Chloe Kim call us home.
