Breathtaking, exhilarating and huge are just a few ways to describe the crown jewel of Colorado—Snowmass. Already famous for endless terrain (3,000+ acres) and tons of snow (300”), Snowmass is now undergoing a renaissance like no other with two new gondolas and a new high-speed six pack. Snowmass also plays host to an expert terrain park and the heart pumping steeps in KT Gully, Hanging Valley and the Cirque. Add in fine dining and tons of slopeside shops and hotels and you’ve got a destination worth writing home about.

Thanks to the slopeside allure of Snowmass and the scenic wonder that is alpine Colorado, Snowmass remains the soul of mountain culture in North America. Ski or ride **four** unique and epic mountains on **just one lift ticket**. Snowmass, Aspen Mountain, Aspen Highlands and Buttermilk combined offer 5,303 total acres of terrain, eight parks and 336 trails served by 49 lifts. The Snowmass Ski School is staffed to offer every level of lesson. Snowmass is a cruiser’s dream with myriad wide-open trails, off-piste steeps and glades. Snowmass welcomes snowboarders and boasts a fantastic terrain garden and snowboard pipeline designed by world champion Jimmy Scott. There are 80 kilometers of wide-open, groomed cross-country trails for the Nordic ski buff connecting Snowmass, Aspen and other parts of the spectacular Roaring Fork Valley. Although only a few miles from Aspen, Snowmass has its own distinct village offering fine restaurants, charming boutiques and exceptional accommodations. More than 90 percent of the resort’s hotels and condominiums are located slopeside, another reason why Snowmass has become one of the most popular resorts in the Rockies.
